OUR MISSION

TTS is a non-profit organization whose primary mission is to equip the disadvantaged with high-quality training and counseling that will enable them to participate, succeed and prosper in today's ever-changing society and marketplace. TTS has had partnerships with Kennedy-King College and Dawson Technical Institution to provide superior services that go beyond the basic instructional programs. TTS staff provides a learner-centered environment dedicated to providing comprehensive training by monitoring improvement through a multiple vocational assessment process. Upon completion of our training programs, our clients will have the skills necessary to compete.
