

EMPLOYMENT SEARCH LOG

Name: _____

Employment is a standard condition of your supervision. Holding a job helps you to support yourself and your family and reduces the chances that you will be re-involved in criminal activity. You need to document all efforts to secure employment. Job training (JT), completing applications (APP), interviewing (INT) and visiting the unemployment office (UO) are some examples of activities to be recorded. Please complete at least one form per week, checking the activities that apply, and attach this to your monthly report. You will want to be prepared to discuss this with your officer.
